2 weeks

College Block 4
Installing lay-in grid ceilings / Measuring / Cutting / Levelling. Theory and Practical tasks
2 weeks

College Block 5
Installing MF plasterboard ceilings
2 weeks

College Block 6
Installing MF plasterboard ceilings
Installing metal pan ceilings
2 weeks

College Block 7
Installing metal pan ceilings
2 weeks

College Block 8
Installing linear strip
Fire barriers
2 weeks

The NCC assessment and verification (A&V) assessment process involves assessing candidate competence against National occupational standards.

- The candidate is assessed in the workplace, over a open period of time, until sufficient and consistent competence is confirmed.
- NCC's A&V team assess candidates performance and knowledge and understanding, using innovate assessment methods to SVQ requirement.
- The candidate and assessor develop a SVQ portfolio of evidence. All SVQ completions are internal quality assured by a member of the A&V team, to reaffirm compliance and authorise certification.
