Apprentice Off-the-Job Training Programme

General Construction Operative

National Construction College
Scotland

College | Onsite Practical Training and Experience / Gather evidence for SVQ Submission | Assessment and verification support

The NCC assessment and verification (A&V) assessment process involves assessing candidate competence against National occupational standards.

- The candidate is assessed in the workplace, over a open period of time, until sufficient and consistent competence is confirmed.
- NCC's A&V team assess candidates performance and knowledge and understanding, using innovate assessment methods to SVQ requirement.
- The candidate and assessor develop a SVQ portfolio of evidence. All SVQ completions are internal quality assured by a member of the A&V team, to reaffirm compliance and authorise certification.
