

Temporary works design check certificate
Part 1 – Temporary works details
 [To be completed by the temporary works co-ordinator]

Contract/ Project title:	Newbuild Project Newtownshire	Contract number:	007
Temporary works (TW) type:	Supporting or restraining plant. Telescopic crane pad design		
Design brief reference:	NPN24	Revision:	006
Implementation risk class: [Very low, low, medium, high]	Medium	Design check category: [0, 1, 2, 3]	3
Design check certificate number:	008	Revision:	001

Part 2 – Temporary works design
 [To be completed by the temporary works designer]

Organisation/company:	Design engineer/lead:	Designer's reference/job number:
YZ Crane and Lift	C. Rane	18241/7

We certify that reasonable professional skill and care has been used in the design for the temporary works as set out in the temporary works design brief referenced in Part 1 and all supporting documents listed therein.

The design is accurately described in the following calculations, drawings, specifications and other documents:

YZ Crane and Lift telescopic crane pad design - Newbuild Project Newtownshire
 BS 7121-3 Code of practice for safe use of cranes. Mobile cranes
 Liebherr LTM1350 Manufacturer's instructions and rigging guidance
 YZ Crane and Lift RAMS
 Site Drawing NPN 024 Rev 2

The design is appropriate and any key comment, actions or risks are communicated to the TWC and/or site team as part of the design deliverables documentation as listed above.

Signed:	<i>C. Rane</i>	Print:	C. Rane	Date:	14/03/19

Part 3 – Temporary works design check
 [To be completed by the temporary works design checker]

Organisation/ company:	Checking engineer/lead:	Checker's reference/job no:
Big Lift UK	B. I. Glifter	58/42

We certify that reasonable professional skill and care has been used in checking of the temporary works as set out in the design deliverables documentation referenced in Part 2.

The following independent check calculations and other relevant documents have been produced by the TW design checker (mandatory for design check category 2 or 3 checks):

Category 3 check has been carried out by another organization, and includes an overall check to assure co-ordination of the whole design.

We confirm that the design of the temporary works described in Part 2 has been checked according to the design check category stated in Part 1.

Signed:	<i>B. I. Glifter</i>	Print:	B. I. Glifter	Date:	31/05/2019
