Fire Safety in Buildings

How much will it cost me?

This course is free.

Aim

This course has been developed in partnership with Build UK and fire industry experts and is designed to improve an individual's knowledge of fire safety measures in buildings. The course is suitable for anyone working in the design, construction, or maintenance of buildings, with a specific focus on installers.

Course content

The course is split into 5 sections.

1 Grenfell

2 Materials

3 Fire protection

4 Competence

5 Installation

How long will it take me?

It should take 30 – 40 minutes to complete the course.

Does the course offer flexibility?

Yes, you can learn at a pace that suits you. You have up to 12 months to complete your learning and you can return to the course as many times as you like; it will remember and track your progress.

How is the course assessed?

There are activities and knowledge check questions throughout the course that will assess your understanding of the topics.

Is there an exam?

No.

Will I get a qualification?

On successful completion of the course, you will receive a certificate of achievement (valid for 5 years).

Can I use a tablet or smartphone?

We recommend that you use a desktop computer, laptop, or standard-sized tablet.
