

Trades CITB Direct Delivery based on Sector Tier; Level and Trade for Contract start year and final table looks at learners still in learning by the start year.

Note: This is for England, Scotland and Wales, however the contract years would be offset to England as the contract years are August to July (England) and April to March (Scotland) so therefore the data would be separate. Welsh Apprenticeship data mainly reflects the period that CITB had the Contract with the Welsh Government.

Starts by Contract year	2018/19	2019/20	2020/21	2021/2022	2022/23
Agriculture, Horticulture and Animal Care					
Level 2
