

# Dry Lining Finishing: IST delivery model

IST ref: AT

16-week programme

Subject	No. of weeks	Content
<b>Pre-arrival</b>		
Sign up with CITB Apprenticeship Officer	–	Sign up, Travel, Expenses, Accommodation (As required)
<b>Block 1: Weeks 1-2</b>		
Induction	2	Site induction; study skills; HSW basics (HASAWA, WHR, asbestos, manual handling, noise and vibration, fire awareness, COSHH); PPE/RPE; occupational health; small tools/equipment; storage principles  Health and Safety; RAMS; Portfolio development; Introduction to SVQ
Remote, independent and work-based learning		Onsite Practical training and Experience
<b>Block 2: Weeks 3-4</b>		
Tools and Equipment	1	Introduction to Power Tools, Abrasive wheels, Small Plant, Maintenance. Theory and Practical Training sessions. Literacy and Numeracy.
Introduction to Dry Lining finishing	1	Tools, materials, methods of work, legislation. Theory and Practical sessions. Literacy and Numeracy.
Remote, independent and work-based learning	–	Onsite Practical training and Experience
<b>Block 3: Weeks 5 - 6</b>		
Technology	1	Scale rules, Graphical symbols and drawings, Construction technology, Communications, Standards Tolerances. Introduction to Ames Taping, Theory and Practical, Literacy and Numeracy

<b>Properties of materials/Application of Joint tapes</b>	1	Compounds, cement, filler, joint tapes, paper, Fiber, Theory and Practical training sessions. Literacy and Numeracy. Move handle and store resources.
<b>Remote, independent and work-based learning</b>	–	Onsite Practical training and Experience
<b>Block 4: Weeks 7- 8</b>		
<b>Application of Joint tape/Assignments</b>	1	Application of paper, fibre tapes by hand, abrasives, types uses, Theory and Practical training sessions. Literacy and Numeracy.
<b>Joint tapes/Internal &amp; External corners, edging/Assignments</b>	1	Application of corner tapes by hand, metal tapes, aquabead, proline, types uses, Theory and Practical training sessions. Literacy and Numeracy.
<b>Remote, independent and work-based Learning</b>	–	Onsite Practical training and Experience. SVQ Portfolio Gathering Evidence
<b>Block 5: Weeks 9 - 10</b>		
<b>Joint Tapes Assignments / Assessments</b>	1	Measuring cutting applying tapes, Theory and Practical assignments, Literacy and Numeracy. Assessments
<b>Properties and preparation of materials for Dry Lining Finishing</b>	1	H&S, COSHH, Compounds, Sealants, Mist coating, Emulsions, Theory and Practical applications; project work. Assessments
<b>Remote, independent and work-based Learning</b>	–	Onsite Practical training and Experience. SVQ Portfolio Gathering Evidence. Submitting evidence for review.
<b>Block 6: Weeks 11 - 12</b>		
<b>Application of Joint tape, Finishing /Assignments</b>	1	Application of paper, tapes by machine, boxes, butterfly. rollers types uses, Theory and Practical training sessions. Literacy and Numeracy.Theory and Practical sessions. Assessments
<b>Joint tapes/Mist coats &amp; Finishes /Assignments / Assessment</b>	1	Theory and Practical assignments application of tapes. Finishing, Literacy and numeracy.
<b>Remote, independent and work-based</b>	–	Onsite Practical training and Experience. SVQ Portfolio Gathering Evidence. Submitting evidence for review.

<b>Learning</b>		
<b>Block 7: Weeks 13 - 14</b>		
<b>Jointing and Finishing boards, corners, edges / Assignments</b>	1	Theory and Practical assignments application of tapes. Finishing, Literacy and numeracy.
<b>Dry lining finishing</b>	1	Theory and Practical assignments application of tapes. Finishing, Literacy and numeracy. Assessments
<b>Remote, independent and work-based Learning</b>	–	Onsite Practical training and Experience. SVQ Portfolio Gathering Evidence. Submitting evidence for assessment
<b>Block 8: Weeks 15</b>		
<b>Dry lining finishing</b>	1	Theory and Practical assignments application of tapes. Finishing, literacy and Numeracy. Assessments
