If you should have any comments or queries regarding this case, please email [nos.consultation@citb.co.uk](mailto:nos.consultation@citb.co.uk)

<b>CURRENT ACTIVITY</b>	
<b>Date</b>	<b>Activity</b>
090419	Meeting with employers and stakeholder proposed for 23 May 2019.
140519	Proposed meeting rescheduled to 10 June 2019.
100619	Practitioner group meeting with 4 employers, 1 trade body and 1 training provider in Wales. Discussion on the need for a Construction and Civil Engineering Operations (CCEO) level 3 outcome. Please request a copy of the Notes and Actions for details.
160710	Practitioner group meeting with 2 employers and 1 training provider in England. All standard in the CCEO suite reviewed. Please request a copy of the Notes and Actions for details
081019	National Working Group reverted to a Practitioner Group for England. Two employers, two training providers and a representative of the Scottish Qualifications Authority Accreditation Body attended. After discussion all agreed a technical level three outcome was not applicable to the occupation at this time. The group requested an amendment to COSVR225 Place and compact concrete, the developer will propose these changes to the Sub-structure Work Occupations employers. This standard will replace COSVR371 throughout the Recommended Qualification Structure. COSVR45 was retitled to Place and finish concrete and is now in the custodianship of CCEO employers. At the request of those present a requirement to have knowledge of information available via 'electronic data' has been added to all CCEO NOS. For further information please request a copy of the Notes and Actions.
