

Grouping	Grant Eligible Training Title	GET Code	Standard Code	From	To	Comments
Ground Preparation	Gas Membrane Installation Part 3: Below Ground Installation	GET1927	TS1927	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Roofing (Metal)	Metal Roofing Profiling	GET0230	TS0230	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Wood Occupations	Carpentry skills for modular construction	GET1195	TS1195	Active	inactive	No engagement from industry, initial invite and several chasers sent with a deadline
Insulation and Building Treatments	Thermography for Building Inspections	GET0312	TS0312	Active	inactive	Standard to be deactivated following 2021 review of low number claims standards
Insulation and Building Treatments	Systems Ventilation, Minimising Air Leakage and Testing	GET1169	TS1169	Active	inactive	Standard to be deactivated following 2021 review of low number claims standards
Construction (common)	Contracts and commercial practice	GET1270	TS1270	Active	inactive	Standard to be deactivated at request of CIOB Rosalind Thorpe - Director of Education and Standards
Construction (common)	Construction technology	GET1271	TS1271	Active	inactive	Standard to be deactivated at request of CIOB Rosalind Thorpe - Director of Education and Standards
Construction (common)	CIOB CMP Health, Safety and the Environment	GET1272	TS1272	Active	inactive	Standard to be deactivated at request of CIOB Rosalind Thorpe - Director of Education and Standards
Construction (common)	CIOB CMP Management	GET1273	TS1273	Active	inactive	Standard to be deactivated at request of CIOB Rosalind Thorpe - Director of Education and Standards
Plant Hire and Sales	Certificate of Competence in Environmental Noise Measurement or the Diploma course	GET2671	TS2671	Active	inactive	After investigation this has been deemed out of scope for construction

Grouping	Grant Eligible Training Title	GET Code	Standard Code	From	To	Comments
Tunnelling	Underground Health and Safety Course	GET1673	TS1673	Active	inactive	British Tunnelling Society state that this is not a short duration training standard and is not required
Tunnelling	Tunnel Design and Construction Course	GET1674	TS1674	Active	inactive	British Tunnelling Society state that this is not a short duration training standard and is not required
Insulation and Building Treatments	Quality Standards	GET0497	TS0497	Active	Inactive	After investigation this has been deemed out of scope for construction
Building Envelope	Installing Flashings and Apertures	GET0462	TS0462	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Building Envelope	Refurbishment of Existing Cladding Systems	GET0466	TS0466	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Cold Formed Steel Framing Systems	Assembly Basic, Forming of Door and Window Openings, Abutments	GET1038	TS1038	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Cold Formed Steel Framing Systems	Provision of Service Penetrations, Forming of Control Joint Details	GET1039	TS1039	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Dry Lining	Installation of twin frame and staggered stud partitions	GET1047	TS1047	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Floor Covering	Laminate and Floating Wood Fitting (Commercial)	GET0385	TS0385	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Floor Covering	Laminate and Floating Wood Fitting (Domestic)	GET0386	TS0386	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards

Grouping	Grant Eligible Training Title	GET Code	Standard Code	From	To	Comments
Industrial Coating	Industrial coatings supervisor course	GET1946	TS1946	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
In-situ Flooring	Work Practice and Project Planning for Screed Flooring	GET0578	TS0578	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Rail	Silt Buster Operation	GET0442	TS0442	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Rainscreen Cladding	Setting Out and Fixing Systems	GET0645	TS0645	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Road Building and Repair	Asphalt Paver Driver (Tracked)	GET1411	TS1411	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Road Building and Repair	Asphalt Paver Driver (Wheeled)	GET1412	TS1412	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Road Building and Repair	Asset Management using Road Surface Treatments	GET1603	TS1603	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Road Building and Repair	High Friction Surfacing	GET1604	TS1604	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Road Building and Repair	Milling Machine Basic Service Engineer	GET1420	TS1420	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Road Building and Repair	Milling Machine Levelling Systems	GET1418	TS1418	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards

Grouping	Grant Eligible Training Title	GET Code	Standard Code	From	To	Comments
Road Building and Repair	Milling Machine Maintenance	GET1417	TS1417	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Waterproofing	Apply Cementitious Coatings, Multi-Coat Renders and Crystallisation Active Materials	GET1154	TS1154	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Waterproofing	Prepare Structure Joints and Apply Primary Waterproofing	GET1153	TS1153	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Wood Occupations	Fire Door Inspection Scheme (FDIS) Inspector Transition Module	GET1469	TS1469	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Working at Height	Calculating Overturning Moments	GET0110	TS0110	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Working at Height	Perimeter Climbing Access Protection Screens Awareness	GET0352	TS0352	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Working at Height	Perimeter Climbing Access Protection Screens Foreman	GET0353	TS0353	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Working at Height	Perimeter Climbing Access Protection Screens Operator	GET0354	TS0354	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Working at Height	Safe Earth Testing in Construction Renewal	GET0115	TS0115	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards

Grouping	Grant Eligible Training Title	GET Code	Standard Code	From	To	Comments
Health Safety and Environment	Health and safety for construction directors	GET1736	TS1736	Active	inactive	After investigation by the development team, they have decided to remove this standard
Passive Fire Protection	Fire Resisting Ductwork, Fire and Smoke Dampers	GET1183	TS1183	Active	Inactive	Full standard to be uploaded at request of the sector = GET2937 Fire & smoke control dampers inspection, testing, replacement & installation
Construction (common)	Airtightness testing L1 & L2 - ATTMA Accredited	GET2672	TS2672	Active	Inactive	Full standard to be uploaded at request of the sector = GET2938 ATTMA Air tightness testing - Level 1 and GET2939 ATTMA Air tightness testing - Level 2
Floorcovering	Entrance Matting and MatWell Framing Installation	GET0351	TS0351	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Rainscreen Cladding	Construction safe working practices introduction	GET0652	TS0652	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Rainscreen Cladding	Fixing Techniques	GET0647	TS0647	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Rainscreen Cladding	Rainscreen cladding installation	GET1630	TS1630	Active	Inactive	Standard to be deactivated following 2021 review of low number claims standards
Structural Timber Frames	Lifting and Moving Heavy Timbers	GET0616	TS0616	Active	Inactive	Full standard to be uploaded at request of the sector = GET2920 Lifting and moving heavy timbers
Structural Timber Frames	Using and Maintaining Framing Power Tools	GET0623	TS0623	Active	Inactive	Full standard to be uploaded at request of the sector = GET2921 Using and maintaining framing power tools
Wood Occupations	Selecting, Converting and Grading Timber	GET1243	TS1243	Active	Inactive	Full standard to be uploaded at request of the sector = GET2923 Selecting converting and grading timber

Grouping	Grant Eligible Training Title	GET Code	Standard Code	From	To	Comments
Construction (common)	Project Management in Construction Intermediate	GET1647	TS1647	Active	Inactive	Full standard to be uploaded at request of the sector = GET2935 Project management in construction intermediate
Construction (common)	Leadership in Construction Project Management	GET1746	TS1746	Active	Inactive	Full standard to be uploaded at request of the sector = GET2936 Leadership in construction project management
