

## LEVEL 2 NVQ & TQT STRUCTURE FOR MASTIC ASPHALT (CONSTRUCTION)

Version 1 of the combined NVQ and TQT structure October 2023

**Guided Learning Hours** eg contact time or supervised learning with a mentor/tutor/supervisor including onsite or in a classroom.

**Assessment** – The average hours it would take to assess the candidate's competence in the particular function – this **can** contribute to guided learning, but this has been kept separate in building the qualification value

**Other Learning** – eg Learners own study/research, practice of skills, compilation of portfolio of work evidence

**Duplicated Learning** – units are derived from National Occupational Standards. When the units are combined for the occupational NVQ, elements of learning in one **occupational** unit are repeated in others. Hence there is a degree of duplication. The organisations involved in determining TQT also agree the amount of time in each **occupational** unit that is duplicated. For this NVQ, these elements are considered to represent 40 hours. This needs to be included for TQT once for the **occupational** units, so where there are two **occupational** units (excluding core units 641, 642, 643, 209, 210 and 211) 1 x 40 hours would be deducted similarly where there are three **occupational** units (excluding **core** mandatory units 641, 642, 643, 209, 210 and 211), there would be a deduction of 2 x 40 hours = 80 hours

**Nb:** as qualifications are currently still built on units, which individually state guided learning hours, which has in the past excluded assessment, the values are shown separately

**Nb:** previous/older forms reflect Ofqual TQT guidance from March 2015 'After the QCF', where qualifications had to have Guided Learning, Directed Learning and Invigilated Assessment assigned as components of TQT

### LEVEL 2 NVQ IN MASTIC ASPHALT

**MINIMUM TQT FOR THIS PATHWAY = 490**

**MINIMUM NUMBER OF UNITS = 7**

UNIT	TITLE	GUIDED LEARNING HOURS		OTHER LEARNING	TQT	Level	Unit type	Endorse	Imported unit Owner
		EXISTING GLH	ASSESSMENT						
89v2	Preparing surfaces for mastic asphalt in the workplace	70	10	50	130	2	M	N
