

Recommended Qualification Structure for Mastic Asphalt (Construction) Level 1

This structure has been recommended by employers and stakeholders from the above occupational area for organisations to form the basis of academic capability and competence outcomes. Qualifications with a competence outcome at the above level must have units derived from the following National Occupational Standards (NOS) and consist of the mandatory group as stated.

MANDATORY (Total 4)

- VR87 Prepare resources for mastic asphalt
- VR88 Assist application of mastic asphalt
- VR641 Conform to general workplace health, safety and welfare
- VR643 Move, handle or store resources

Simulation Information from 01/01/2015

Evidence for competence qualifications and units derived from the following National Occupational Standards (NOS) must be work-based. Simulation is only allowed for the additional information items as detailed below. For a competence outcome, simulation must be conducted in accordance with the Construction Consolidated Assessment Strategy.

VR87	Additional information item 3 of Performance Criteria 1	Mastic Asphalt	L1
VR88	Additional information item 3 of Performance Criteria 1	Mastic Asphalt	L1
