

Recommended Qualification Structure for Controlling Lifting Operations – Slinger/Signaller

Level 2

This structure has been recommended by employers and stakeholders from the above occupational area for organisations to form the basis of academic capability and competence outcomes. Qualifications with a competence outcome at the above level must have units derived from the following National Occupational Standards (NOS) and consist of the mandatory group as stated.

MANDATORY (Total 3)

- VR402 Slinging and signalling the movement of suspended loads
- VR641 Conform to general workplace health, safety and welfare
- VR642 Conform to productive work practices

Unit endorsements for Controlling Lifting Operations Level 2

Where industry requests; qualifications can be endorsed to show an option route and the type of resources and/or activities that relate to the unit. Listed below are the endorsements that can apply for units derived from the following NOS.

NOS	Endorsement
VR402	Slinger Signaller 'occupation specific' only (own area of work) e.g. Demolition, Cladding Occupations, Piling Operations etc. Slinger Signaller all occupations

Note: Where industry requests an Awarding Organisation to further endorse a unit, the Awarding Organisation must first seek approval from the Standards Setting Body to ensure the endorsement is appropriate to the unit.
