## Additional Information

Qualification Title

SVQ in Roofing Occupations (Construction) at SCQF Level 6

### Additional Structural information

This box should be used where necessary to provide additional explanatory information regarding the structure. This may, for example, be related to a particularly complex structure or ranges within the qualification.

The information regarding which range(s) were achieved should be made available to the learner on request.

#### Range:

**VR274:** Single-lap roof tiles; Single-lap artificial slates plus New materials; Reclaimed materials

**VR275:** New materials; Reclaimed materials

**VR278:** New materials; Reclaimed materials

**VR279:** Head-nailed; Centre-nailed plus one of the following New materials; Reclaimed materials

**VR282:** New materials; Reclaimed materials

**VR286:** New materials; Reclaimed materials

**VR288:** New materials; Reclaimed materials

**VR298:** Integrated photo voltaic; Mounted photo voltaic; Integrated solar thermal; Mounted solar thermal

**VR688:** New materials; Reclaimed materials

#### Simulation:

Evidence for competence qualifications must be work-based. Simulation is only allowed for specific additional information items as outlined below.

**VR283:** Additional information item 9.9 of Performance Criteria 5

### Additional Endorsement Information

This box should be used where necessary to provide additional explanatory information regarding the structure's endorsements.

The information regarding which endorsement(s) were achieved within the qualification would preferably appear with the certificate, or must be made available to the learner on request.
